### Letter of Appreciation

With my heart full of thanks, I write to appreciate and thank you for your good plans and financial support you have for me and my daughter. I will appreciate and welcome the idea initiated by your group on how to support my family to make sure that my daughter's Testimony is always in good health. This your help will surely increase both her physical and Mentally order. She will never feel inferior before her age mates because of her physical outlook again.

Thanks so much and May the Almighty God Bless and Protect each and everyone of you, Grant you Good Health and long life and Prosperity in Jesus Name, Amen.

Yours Sincerely,  
Nwokedi Augustina (Mother)
